**HON. TIM RYAN**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 12, 2014*

Mr. RYAN of Ohio. Mr. Speaker, I rise today to remember and honor the exemplary life of Mary Sadinski. Sadly, Mary passed away on April 17, 2014 at the age of 80. Mary was born on February 15, 1934 in Youngstown, Ohio to John and Julia Mislai.

Mary led an exemplary life of service and dedication. She was a member of the St. Stephen of Hungry Church in Youngstown along with their Senior Citizen group and choir. Not only did Mary touch the lives of those in the church community, she was incredibly loved by her family and friends, who were the center of her life. Mary always put her family first and enjoyed working part time for Floral Plus.

I offer my sincere condolences to Mary's family and friends. Mary was an extraordinary woman, and will live on in the hearts and minds of those she has touched. She will be missed by a countless number of people in the community, and most of all by her husband of 58 years, Henry S. Sadinski, her children, Kathleen Basista and Robert Sadinski, her four grandchildren, Amy and Kevin Basista, and Bobby and Leah Sadinski, and her siblings Margaret Tarcy, Julia Italiano and John Mislai.

## HONORING MR. GEORGE CARLSON'S 25 YEARS OF SERVICE FOR SANTA CLARA UNIVERSITY AND THE 17TH DISTRICT OF CALIFORNIA

**HON. MICHAEL M. HONDA**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 12, 2014*

Mr. HONDA. Mr. Speaker, I rise today to honor the life's work of Mr. George Carlson, who will retire in June as a librarian in our Federal Depository Library Program at Santa Clara University, after 25 years of distinguished service providing U.S. Government information to the citizens of the 17th District of California (and previously the 15th District).

Mr. Carlson came to Santa Clara as Head of Government Information in 1989, and became an outstanding and trusted resource for students, faculty, citizens, and library colleagues in the Bay Area. He provided countless hours of skilled and tireless research assistance to library users. He brought Government information into the digital age, making thousands of titles accessible through Santa Clara's online catalog, and worked closely with the Government Printing Office on a long-term project to originate or upgrade cataloging data for hundreds of hearings and documents of both chambers of Congress. Looking to the future, he carefully planned the place and role for Government information in Santa Clara's new library. He taught Government information courses to graduate students at San Jose State University, instilling in them the value and importance of open access to the documents of our democracy.

Daniel Webster said, "Let us develop the resources of our land, call forth its powers, build up its institutions, promote all its great interests, and see whether we also, in our day and generation, may not perform something worthy to be remembered." In his career of service to our Government and his university, George Carlson upheld this ideal as he carefully kept and recorded our Government documents and made them available to all.

I ask my colleagues to join me in commending Mr. Carlson for his outstanding service, and in wishing him a happy and well deserved retirement among his cherished California native plants and roses, and pursuing his many volunteer interests.

After graduating from the University of Texas at Arlington in 1973, Dr. Burton began his career in public health with the Texas Department of State Health Services in Arlington, Texas. There, he was instrumental in implementing the Passenger Seat Loan Program that provided a loaner car seat for patients who did not have them. He took the lead in implementing the State of Texas Seat Belt Program, which provided instruction on the proper use of seatbelts for children in 49 counties across Texas. He also implemented the County Health Profile program, which provided basic data for each county's needs in the realm of public health.

After working for the state of Texas for 18 years, Dr. Burton then went on to serve as Director of the DCHD for 22 years. He worked vigorously to expand and improve public health during his tenure with Denton County. He worked to expand the small health clinic services to include numerous grants that equated to millions of dollars for services to citizens of Denton County. Further, he added seven additional resources including primary care, HIV education, health education, well women/maternity care, diabetes outreach, immunization outreach, Katrina Ambassadors Rebuilding Empowering (K.A.R.E.) team, as well as adding a second health clinic in Lewisville.

Dr. Burton has won numerous awards for his devotion to the noble causes he believes in, including the Health Care Hero Award and the Texas Association of Local Health Officials Service Award, among others.

As a physician, I have tremendous respect for Dr. Burton's work. He is leaving a lasting impression on our community, and his legacy will live on for years to come.
